Dear Mr. Steele:

We are in receipt of your Notice of Intent for Terry Steele's Sleeper 1B claim. The Notice consists of an old Utah Division of Oil, Gas and Mining (UDOGM) notice that has been slightly modified. As such it is confusing as to your intent, and as it also does not have an original signature, we cannot accept it.

We are enclosing another form and a map with which you can modify your Notice. Please clarify the type and extent of your operation, and indicate on the map where you intend to conduct your drilling. Also, if you plan to build or improve any roads, please indicate where on the map and how on the notice form.

We have already begun processing this case file, and if the necessary information has been provided, we can accept it as soon as we receive back the signed copy of the Notice. If you have any questions contact Ron Teseneer at (801) 743-6811.

Sincerely,

Rex Rowley
Area Manager
